Career Objective

Aspiring Software Developer and current Master’s student with hands-on experience in full-stack web development and AI applications. Currently developing "ValueScout," an AI-driven e-commerce platform using Python and machine learning. Proven leadership and project management skills demonstrated through the successful delivery of a full-stack Homestay booking system and organizing over 6+ student events.

Technical Skills

Languages: Python, JavaScript, Java, C++, PHP, SQL, HTML/CSS
Framework and Libraries: React.js, Flask, Django, TensorFlow, BeautifulSoup
Course Work: Machine Learning, Data Science, Cloud Technology, Network Security
Databases: MongoDB, MySQL
Developer Tools: Git, VS Code, Linux, Windows

Education

Sikkim Manipal Institute of Technology Masters of Computer Applications – CGPA 6.8/10 (1st Year)	2024 – 2026 (Pursuing)
Sikkim Manipal Institute of Technology Bachelor of Computer Applications – CGPA 7.2/10	2021 – 2024
Greendale Senior Secondary School (CBSE) – Class XII - PCB with CS (72%)	2021
Greendale Senior Secondary School (CBSE) – Class X (73%)	2019

Projects

ValueScout - AI-Driven Smart Shopping Website MCA Minor Project <i>Tech Stack: React.js, Python, Flask/Django, TensorFlow, BeautifulSoup, MongoDB</i> - Developing an AI-powered e-commerce platform to unify product listings from major online retailers, enabling real-time price comparisons. - Engineering the platform’s core features, including an AI "Personalized Style Builder" for product recommendations and an automated price-drop notification system.	August 2025 – Present
Homestay Booking System BCA Final Year Project <i>Tech Stack: PHP, MySQL, HTML, CSS, JavaScript</i> - Addressed key challenges in the homestay market by creating a trusted, user-centric platform that connects travelers directly with local hosts in Sikkim. - Developed key modules including secure user registration, a dynamic property search engine, and a dual-dashboard system for guests and hosts to manage bookings	January 2024 – May 2024

Certifications & Leadership Experiences

Complete Web Development Course by Hitesh Choudhary Technologies Learned: HTML, CSS, Tailwind CSS, JavaScript, React, Node.js, Express, MongoDB, PostgreSQL, TensorFlow.js, Git	
Vice President Computer Applications Student Society (CASS), SMIT (2025) Led a committee of 10 members to plan and execute over 6 major events, including technical workshops and fests for a department of 250+ students.	

Interests / Hobbies

• Football • Table Tennis • Gaming • Gym • New Technology
